- LOA = Length Overall
- The LOA is the maximum length of the boat, measured from the foremost part of the bow to the aftermost part of the stern.
- The LOA should include any projections such as a bowsprit, stern, or swimming platform.
- THE LOA WILL BE DETERMINED BASED ON: REGISTRATION CERTIFICATE OR INSURANCE POLICY OR MANUFACTURER SPECIFICATIONS WHICH EVER IS LARGER.

- 1- Choose your vessel's size category
- 2- Choose required duration rate (Daily, Monthly or Yearly)
- 3- Multiply your vessel's size x meter price.

How to Calculate – Example on Owner Yearly Rate

LOA (meters)	Vessel LOA	Yearly /Meter	Yearly Charges
10 - 20	10.1 M X	EGP 23,758	= EGP 239,956
